@S3Platform

The screenshot shows the S3 Platform website homepage. At the top, there is a navigation bar with the European Commission logo and the text 'SMART SPECIALISATION PLATFORM'. Below the navigation bar, there is a search bar and a main content area. The main content area features a 'SMART REGIONS Conference' announcement, a 'What we can do for you' section with a list of services, and an 'S3P Calendar' for May 2016. The 'What we can do for you' section lists services such as providing guidance material, conducting high quality research projects, facilitating peer-reviews, supporting access to relevant data, training policymakers, and organising information sessions. The 'S3P Calendar' shows a grid for May 2016 with various events marked. At the bottom of the main content area, there are three buttons: 'S3 Themes', 'S3 Governance', and 'S3 Targeted Support'.

The screenshot shows the 'S3 PLATFORM ON INDUSTRIAL MODERNISATION' page. The page has a dark blue header with the title 'S3 PLATFORM ON INDUSTRIAL MODERNISATION' and a sub-header 'FROM JOINT INVESTMENTS TO INDUSTRIAL MODERNISATION'. Below the header, there is a main text block explaining the platform's purpose: 'To better connect and align this regional investment and innovation dynamic with EU priorities, policies and instruments, to scale up successful regional approaches to interregional or EU level, and to promote transregional collaboration based on smart specialisation priorities identified at the regional level.' There are three main sections: 'SAVE THE DATE!' for an Info Day on 11 May 2016 in Brussels, 'INDUSTRIAL MODERNISATION' which states there is a strong political and industry willingness to support the modernisation of EU industry, and 'REGIONAL PRIORITIES' which mentions an impressive 135 EU regions indicated industrial modernisation related priorities. There are also images of industrial settings and a globe with network lines.
