Regional Ministry of Agriculture, Fisheries and Rural Development of Andalusia

Bilbao, 27 November 2018

Andalusia is the main agri-food area of Spain and one of the most important in Europe

Andalusia's agri-food sector in figures

2nd European Region
in terms of agricultural
production

**20% of the Spanish
exports**

**37% of population in
rural areas** (3 million
people)

**300,000 farms &
4,4 Millions Hectares**

**5,400 agro-
industries**

**23% of agrifood
employment in Spain**

Mission & priorities

**The Regional Ministry of
Agriculture of Andalusia
is responsible for policy
development and
planning for agriculture,
fisheries and rural
development in our
region**

How can we grow more and further?

**Are there new
OPPORTUNITIES?**

**Do we have
LIMITATIONS?**

**Can we
grow
more and
further?**

Digital transformation: The key

**Changes are required for digital transformation
in business models to address**

New digital culture

New professional skills

New prediction-oriented markets

New management approach of farms and agro-industry

Creating a European Network of DIHs

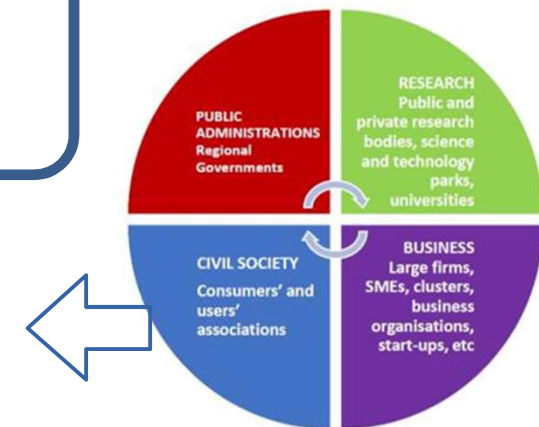

Leader of the Thematic Partnership on Traceability and Big Data in the agrifood value chain under the S3 Agri-food European Platform

20 regional nodes, 11 associate members, 12 countries and more than 720 stakeholders connected in Europe

Regional Nodes progressing as DIH

measuring and
predicting behaviour

What is the Andalucía Agrotech DIH

Andalucía Agrotech DIH is an activity center **for creating, anticipating, managing and accelerating digital innovation in the agrifood value chain.**

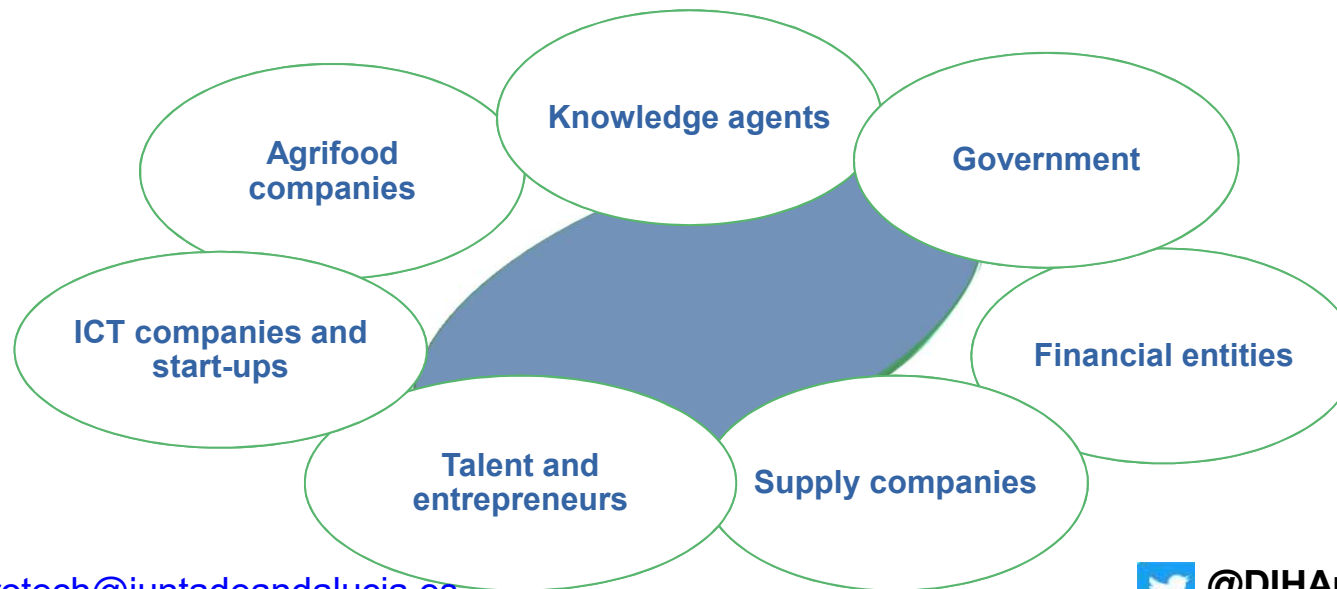

It aims at generating the **ecosystem** that provides the best conditions for **long-term success of agrifood companies.**

Mult-actor approach

DIH Andalucía Agrotech is an **ecosystem** where different **actors** with interest in the digital development of the agrifood sector **converge**. All of them will have something to say in the DIH dairy work
