Policy framework and guidance to support strategic development of HEIs

Innovation in HEIs

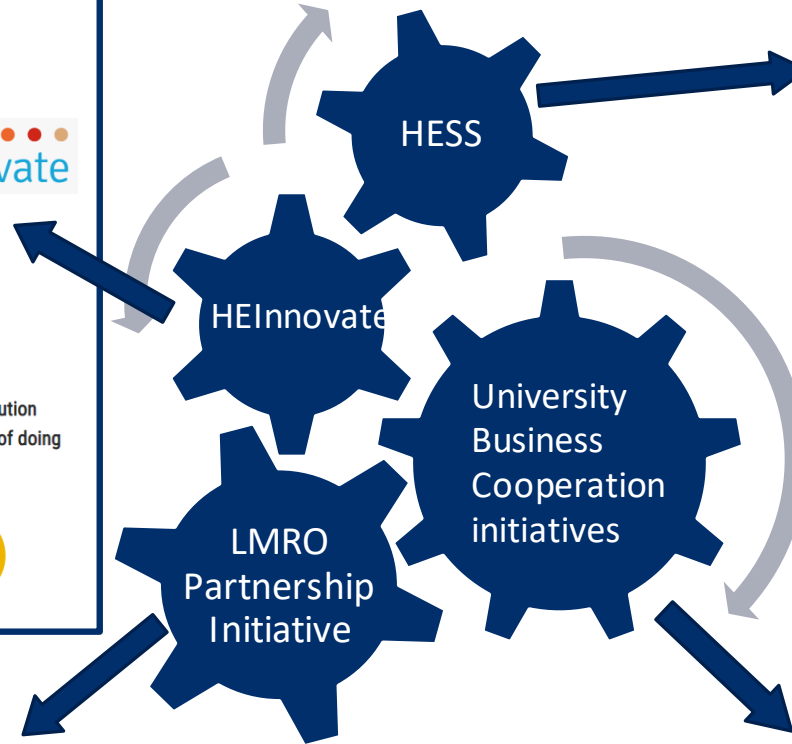

Is your Higher Education Institution promoting the development of an entrepreneurial culture?

Used by over 800 HEIs from across the globe

Being an entrepreneurial higher education institution depends upon individuals, and innovative ways of doing things.

Entrepreneurial Potential and Innovation Competences course assessment tool **EPIC**

Higher education for smart specialisation

To understand and support HEIs to align their functions of human capital development with smart specialisation priorities

University Business Cooperation initiatives

- University Business Forum and Thematic University Business Forum
- Knowledge Alliances

#UBForum

Enhancing Labour Market Relevance and Outcomes of Higher Education

Help governments and higher education institutions (HEIs) enhance the employment outcomes of graduates by better aligning higher education provision and labour markets.
