

EIT InnoEnergy is supported by the EIT, a body of the European Union

# Synergies in Practice: Perspectives on Collaboration in the Upcoming Funding Period 2021-2027

Kamil Szydłowski, September 2020

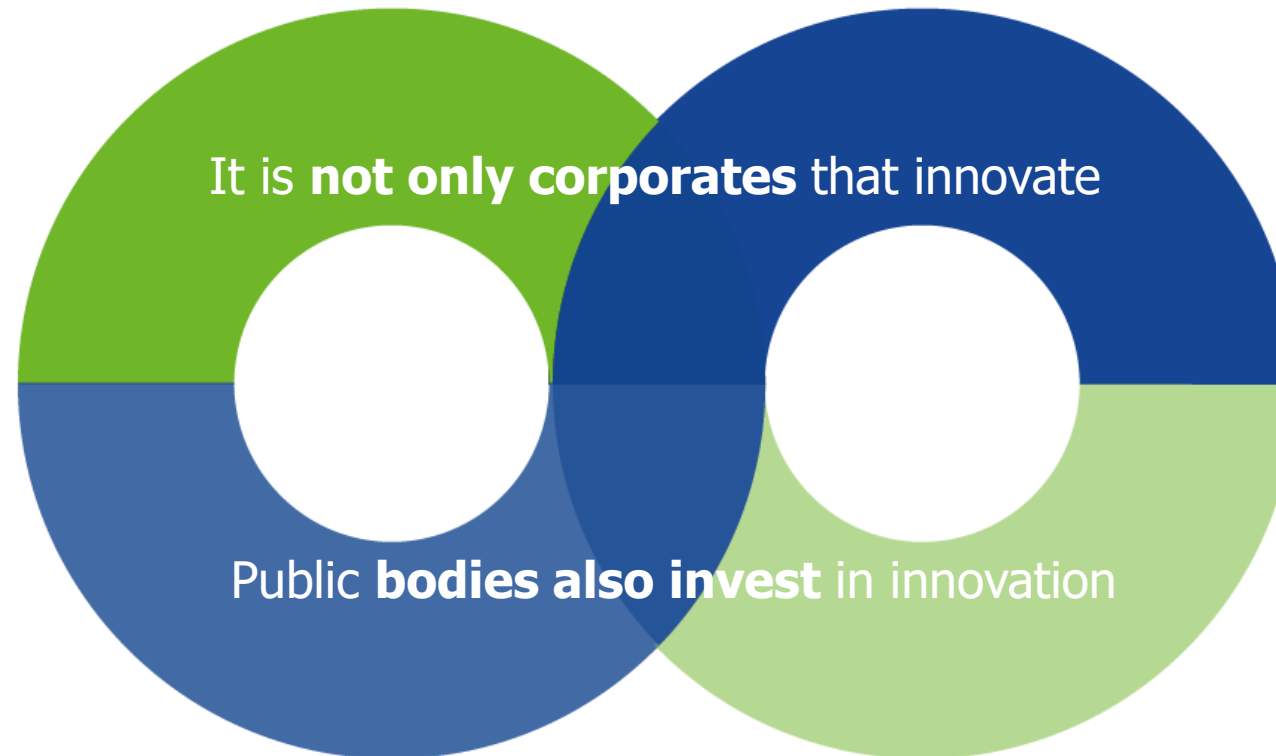

# InnoEnergy and public authorities play in the same team

Trying to **attract**  
open-minded  
**entrepreneurs**

Supporting **selected**  
**initiatives**

Setting up **calls**  
**for innovation**  
**projects**

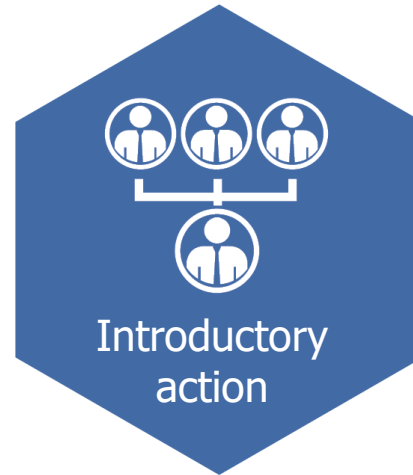

Looking for **success**  
**stories**

Ministries  
(Entrepreneurship,  
Economy, Energy)

Managing authorities  
and Innovation agencies

Municipalities and  
regions

- 4-pages simple Memorandum of Understanding
- Media coverage and announcement to the public

### Examples:

**Trainings** sessions for entrepreneurs and project evaluators (Poland, Hungary, Estonia)

**Asset Roadshow** best ventures solving local energy challenge presented in person to the Partner (Greece)

**PowerUp!/PRIMER** programmes co-organisation (Slovakia, Croatia)

- Building a broad project pipeline
- Shared approach and methodology
- Financial twinning (joint application for H2020/LIFE or creation of co-financing scheme)

# Long-term goal: joint pipeline and financial twinning

## Option A (Personal Union) **Easy**

Regular exchange of information -> separate selection processes -> Investing in same projects

## Option B (Quality stamp) **Intermediate**

Separate selection processes -> fast track for chosen by the other -> Investing in same projects

## Option C (Real Union) **Hard**

One selection committee -> Joint call for proposals -> Investing in same projects

Cooperation Framework	Challenges	Solutions for discussion
A Personal Union	<b>Precisely described thematic scope</b> (RIS3 are spacious, evil lies always in details)	More expert discussion on strategical areas of intervention (not just „Energy” but Waste-to-energy or Hydrogen)
B Quality Stamp	<b>Different asesment</b> methodologies, techniques, requirements on beneficiaries	Exchange of knowledge between evaluators / expert committees between KICs and MAs
C Real Union	<b>Pan-Europeanness EIT scheme</b> vs nationally-limited	Public state aid discussion and legislative actions aiming to ease joint undertakings
