

IMPACT_RIS3T

Implementation of RIS3 cross-border cooperation actions in Galicia & Norte of Portugal

Interregional Cooperation workshop, Lagging Regions
Madrid 25.02.2020

Francisco Pichel
Galicia Innovation Agency

PROGRAMME:

POCTEP (EP- INTERREG V A)

PARTNERS:

- ✓ GAIN (Galicia Innovation Agency)
- ✓ CCDR-N (Norte Portugal Regional Coordination and Development Commission)
- ✓ ANI (National Innovation Agency)

BUDGET:

1.093.309,50€

OVERALL OBJECTIVE:

Implementation of the set of actions established in the cross-border RIS3 of Galicia – Norte of Portugal (RIS3T)

EXPECTED RESULTS:

- Aligning policies supporting innovation in the Euroregion
- Boosting innovation collaborative projects able to compete effectively in international calls

The implementation of S3 cross-border cooperation derives from main common assets identified after matching regional S3

Specialisation exercise takes into account actual possibilities but also an evolving regional and international context

Regional RIS3 evaluations & new exercise

vs. the cross-border PROJECT

FOCUS on the implementation of **cross-border RIS3** actions which are now being delivered *simultaneously / in parallel* with already existing cross-border innovation initiatives

via other actions + actors + projects with which we are trying to connect to be more **effective and consistent**

6 RIS3T Strategic Collaboration Areas 3 IMPACT_RIS3T Working Groups

- **WG 1:** ENERGY FROM BIOMASS AND THE SEA
& AGRI-FOOD AND BIOTECHNOLOGY INDUSTRIES
- **WG 2:** INDUSTRY 4.0
& MOBILITY INDUSTRIES
- **WG 3:** TOURISM AND CREATIVE INDUSTRIES
& HEALTHY LIFESTYLE AND ACTIVE AGEING

PROJECT DESCRIPTION

ACTIVITY 1: Implementation and management of RIS3T

ACTIVITY 2: Creation of a R&D&I Observatory

ACTIVITY 3: RIS3T training, information & dissemination actions among stakeholders

ACTIVITY 4: Boosting the Euroregion innovation ecosystem

ACTIVITY 5: Management & Coordination

ACTIVITY 6: Communication

ACTIVITY 1: IMPLEMENTATION AND MANAGEMENT OF RIS3T

RIS3T Governance structures

- Steering Committee & Management team

Thematic WGs across RIS3T priority areas

- Each partner responsible for a WG

(WG 1: CCDR-N; WG 2: GAIN; WG 3: ANI)

- WGs composition: stakeholders from Galicia & N Portugal innovation ecosystem; i.e. enterprises, clusters, RTOs, research groups, representative associative bodies, and administration

ACTIVITY 1: IMPLEMENTATION AND MANAGEMENT OF RIS3T

WGs functions

- Analysing the current and prospective situation of their reference sectors, proposing and prioritising lines of action: *surveys and live meetings*
- Boosting innovation projects in the Euroregion, collaborating in the organisation, preparation and dissemination of *brokerage events, workshops and training activities*

Development of collaborative working tools

- RIS3T stakeholders' forum

ACTIVITY 2: CREATION OF A R&D&I OBSERVATORY

- Monitoring the innovation projects in the Euroregion
- Mapping the stakeholders and capabilities

⇒ *Standardisation effort*

ACTIVITY 3: RIS3T TRAINING, INFORMATION & DISSEMINATION ACTIONS AMONG STAKEHOLDERS

- Enhancement of partners institutional capabilities
- Boosting the use of instruments supporting innovation

⇒ *Vanguard Initiative workshop ESM Pilot & Democases*

Boosting the use of instruments supporting innovation – Vanguard Initiative workshop

Enhancement of partners' institutional capabilities

Cooperación territorial europea
(ETC): Componente 5

Horizonte Europa:
el próximo Programa de Investigación e Innovación
2021-2027

Programa Europa Digital

Financiamento en cascada

A economía circular – iniciativa da CE

ACTIVITY 4: BOOSTING THE EUROREGION INNOVATION ECOSYSTEM

- Supporting initiatives and projects fostering cross-border collaborative innovation among stakeholders
- Capacity development for preparing collaborative proposals

PARALLEL SESSIONS ON PROJECT IDEAS AND ELABORATION

1ST FLOOR	ROOM 16	ROOM 20	ROOM 22
10.50 - 11.35 h	ICT-47-2020: Research and Innovation boosting promising robotics applications Enrique Pelayo, NCP ICT in Spain	DT-FOF-07-2020 (RIA): Assembly of micro parts Alexandre Almeida, ANI, Portugal	International R&D cooperation opportunities through EUREKA Óscar Fernández, NCP EUREKA in Spain FYLA presenting EUREKA project FEMTEC-PRO
11.35 - 11.55 h	COFFEE BREAK		
11.55 - 12.40 h	ICT-38-2020: Artificial Intelligence for manufacturing Enrique Pelayo, NCP ICT in Spain	DT-FOF-10-2020 (IA 50%): Pilot lines for large-part high-precision manufacturing Alexandre Almeida, ANI, Portugal	L4MS Cascade funding for manufacturing SMEs Ola Skanska, Fundingbox
12.45 - 13.30 h	ICT-46-2020: Robotics Application Areas Coordination&Support Enrique Pelayo, NCP ICT in Spain	DT-FOF-11-2020 (IA): Quality control in smart manufacturing Alexandre Almeida, ANI, Portugal	Support to participation in H2020 calls Luisa Boquete, Programme Director - Galician Innovation Agency (GAIN)

ACTIVITY 4: BOOSTING THE EUROREGION INNOVATION ECOSYSTEM

- Organising brokerage events

**Innovation & Manufacturing Brokerage Event
- IMB 2019**

ACTIVITY 5: MANAGEMENT & COORDINATION

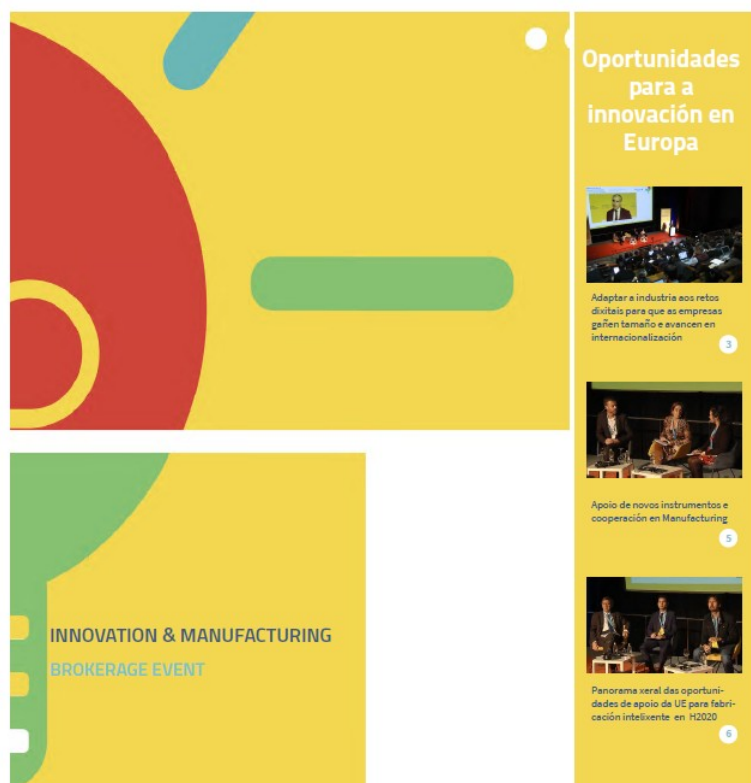

- Technical, administrative and financial coordination
- Monitoring and evaluation

ACTIVITY 6: COMMUNICATION

- Communication plan: to inform and publicise
- Communication and dissemination activities
- Dissemination of results and capitalisation

Boletín nº1

 - Plano de traballo
- Candidatura: 0177_IMPACT_RIS3T_1_E
- Acrónimo: IMPACT_RIS3T
- Título: Implementación de accións de cooperación transfronteiriça RIS3 na Eurorrexión
- Área de cooperación: 1. Galicia - Norte de Portugal
- Eixo: Mellora da capacidade institucional e a eficiencia da administración pública a través da cooperación transfronteiriça
- Duración: Outubro 2015-Decembro 2019
- Custo total do proxecto (indicativo): 1.182.126,09€
- Achega FEDER (total aprobado): 886.594,57€ (cofinanciación do 75%)

A Comisión Europea solicitou ás autoridades nacionais e rexionais a preparación de Estratexias de Especialización Intelixente (RIS3), que permitan unha maior eficacia na utilización dos Fondos Estruturais.

Partindo deste contexto, Galicia e a Rexión Norte de Portugal uniron os seus esforzos para deseñar de forma conxunta unha Estratexia de Especialización Intelixente Transfronteiriça (RIS3T).
