

Exploring collaboration opportunities & synergies between RIS3 and EIT-RIS

European Commission JRC & EIT Climate-KIC

Ljubljana, 20 March 2018

Name: **Alessandro Portoghese - Filippo Arras**

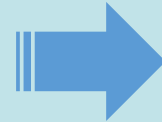

Title: *Brussel Office – Ministry for the Protection of the
Environment (Policy Officers)*

Organisation: **Regione Sardegna**

Energy Transitions/Industry 4.0/Adaption to Climate Changes Related Activities with regards to your MA Responsibilities I

S3*

- ✓ smart growth
- ✓ sustainable development
- ✓ social inclusion

local needs

Territorial excellences
Research & Innovation

Energy Transitions/Industry 4.0/Adaption to Climate Changes Related Activities with regards to your MA Responsibilities I

- **ERDF 2014-2020** projects activated within the I axis (TO1):

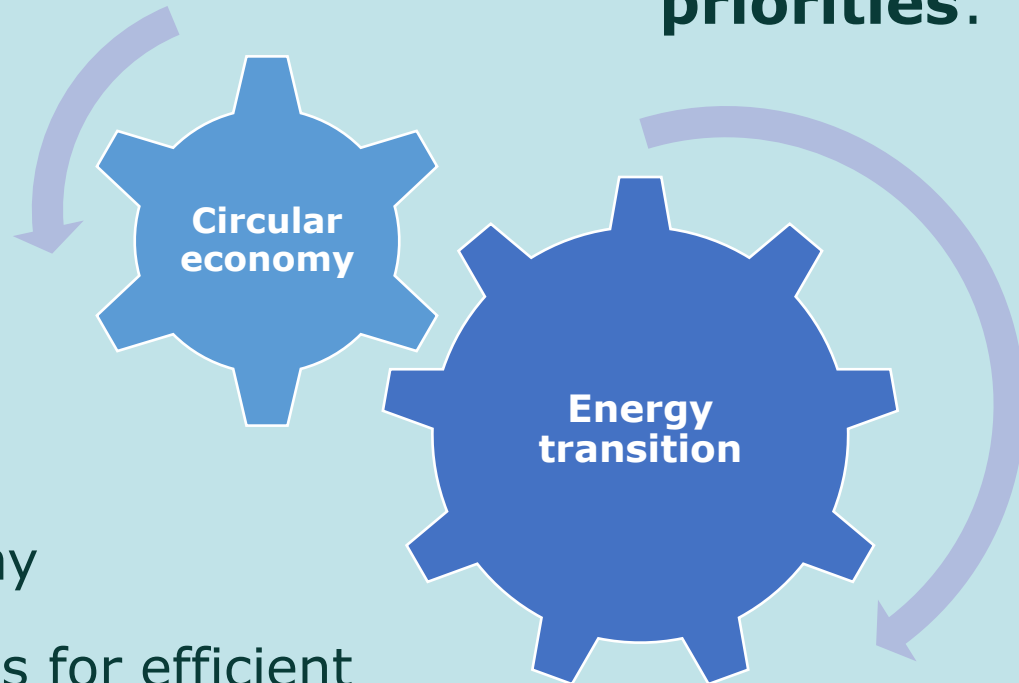

- Innovation services in SMEs
- Innovation Plans presented by SMEs
- Funding for the realization of the MVP
- Calls for tenders for technological foresight services
- Incentives for the competitiveness of innovative start-ups

Sectors

Bioeconomy

Smart grids for efficient
energy management

**coherent with the
priorities:**

Energy Transitions/Industry 4.0/Adaption to Climate Changes Related Activities with regards to your MA Responsibilities II

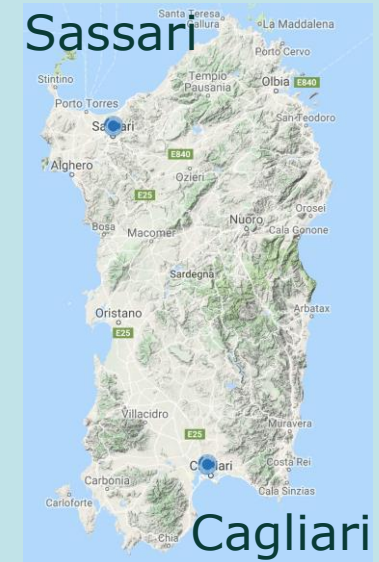

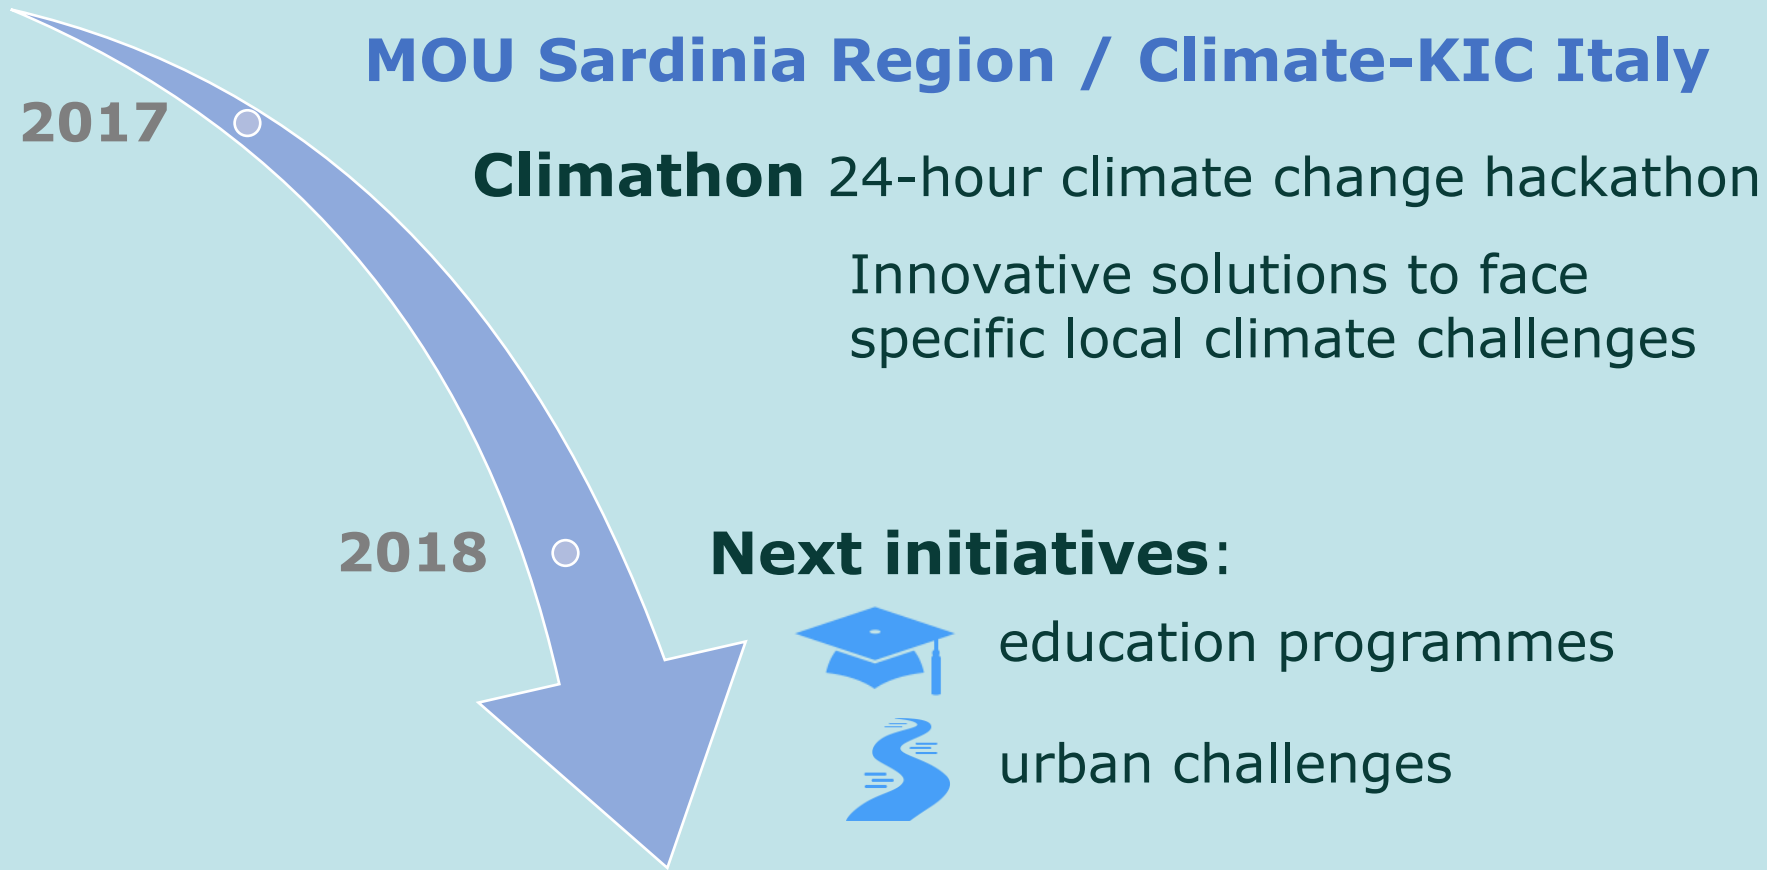

ERDF 2014-2020 Axis	Thematic Objective	Climate Changes Objectives (budget)	Environmental Sustainability Objectives (budget)
IV - Sustainable Energy and quality of life	TO n.4	64,8 M € (13,93%)	240.30 M €
V - Environmental protection and risk prevention	TO n.5	27,9 M € (6,00%)	73.73 M €
VI - Efficient use of resources, Valorization of Natural, cultural and tourist attractors	TO n.6	11,7 M € (2,51%)	173.58 M €

**Regional coordinating
board on adaptation to
climate change**

Activities Undertaken under the EIT KICs Networks and/or EIT Regional Innovation Scheme (EIT RIS)

Cooperation with EIT KICs

Critical Success Factors

Key elements:

Sardinia Region

ENVE Commission of the Committee of the Regions (until sept 2017)

Covenant Coordinator
>250 signatory cities

Environment and Energy Commission of the Italian Conference of Regions

Subnational Global Climate Leadership Memorandum of Understanding

Critical Success Factors

The path toward a low carbon Economy

MASTER ADAPT MAInSTreaming Experiences at Regional and local level for ADAPTation to climate change

- ✓ **Regional Environmental Energy Plan**
- ✓ **Plan for electric mobility**
- ✓ **Regional Adaptation Plan**

Innovative tools of multi-level governance to support regions / municipalities in developing adaptation strategies and policies

Suggest a common methodology for mainstreaming an adaptation strategy in plans/programmes.

accompany local communities to sign of the "mayor adapt"
