08 Mar 2017

S3 Targeted Support

### General Information

The **"Stairway to Excellence" (S2E)** initiative is a pilot project funded by the European Parliament (EP) and focused on supporting European Regions and Member States in enhancing synergies in the use of different EU funding sources for research, development and innovation (European Structural and Investment Funds and Horizon 2020, also taking account COSME, ERASMUS+, Creative Europe and so on).

The **Smart Specialisation Strategies (S3)** are now a reality in Europe. With EU regions and nations having completed the technical fulfilments of the ex-ante conditionality and related action plans, the activities are now moving to the implementation phase. More information is available at: <http://s3platform.jrc.ec.europa.eu>.

Within the broader context of the S3 activities, the **2017 Conference on the synergies between Horizon 2020 (COSME, ERASMUS + etc.) and ESIF** will be organized in collaboration with the **European Parliament (EP)**, and **DG REGIO** to raise awareness of major stakeholders on (1) the progress in exploiting the synergies between Horizon 2020 (and other funding programmes) and ESIF and (2) discuss practical bottlenecks emerging when R&D&I actors will start implementing the available tools for synergies between funds.

09 Mar 2017

S3 Targeted Support

### General Information

The aim of the workshop is to create a forum for exchange of best practices and enhancing collaboration between NCPs as well as regional/ national authorities managing European Structural and Investment Funds (ESIF) on the issue of synergies between H2020 and European Structural and Investment Funds in regard to the specialized thematic areas.

The workshop is targeted towards H2020 NCPs, ESIF managing authorities and key stakeholders in the covered themes interested in improving their knowledge in the field of synergies between ESIF and Horizon 2020.

## Stairway to Excellence

### What is Stairway to Excellence

The 'Cohesion Policy and the synergies with the research and development funds: the STAIRWAY TO EXCELLENCE (S2E)' project was launched in 2014 within the [Smart Specialisation Platform \(S3P\)](#).

The **Stairway to Excellence (S2E)** project aims to support [EU13 regions and countries](#) in developing and exploiting the synergies between European Structural and Investment Funds (ESIF), Horizon 2020 (H2020) and other EU funding programmes and:

- Assist them in closing the innovation gap, in order to promote excellence in all regions and EU countries;
- Stimulate the early and effective implementation of national and regional Smart Specialisation Strategies.

[Activities of S2E](#)

[Background for the Project](#)

### National Events

National Events are being organized in [EU13 Members States](#) to:

- Ease understanding of national and regional innovation ecosystems
- Raise awareness to enable synergies between EU funding programmes
- Share experiences in combining Structural Funds and Framework Programme to improve excellence
- Draw lessons for the future and identify follow-up actions to enhance potential synergies

### Country & Region Information

Quantitative and Qualitative information are produced for [EU13 regions and countries](#):

- [National and Regional Fact & Figures](#) aim to draw the European profile of a country/ region with statistical and financial information coming from the EU's 7th Framework Programme and Structural Funds dedicated to research and innovation.
- [S2E Country Reports](#) provide further analysis on selected policy issues that affect optimal use and the combination of key EU funds for R&I and offer country-tailored policy suggestions aiming to tackle the weaknesses identified in the analysis.

## Synergies examples

Synergies examples are provided in which SF/ ESIF and FP7/ H2020 funds have been combined in order to amplify the R&I investments and their impact, using different forms of innovation and competitiveness support, or carrying innovative ideas further along the innovation cycle or value chain to bring them to the market.

## Instruments, Platforms & Concepts

Fiches are being made available on a selection of European instruments/ platforms/ concepts that can be considered as facilitators especially for "downstream activities", to exploit and diffuse results from earlier programming period (FP7) and current one (H2020), and as key elements in monitoring the implementation of synergies in their various forms.
