

Smart Specialisation Platform for Industrial Modernisation

Objectives, Structure and Governance

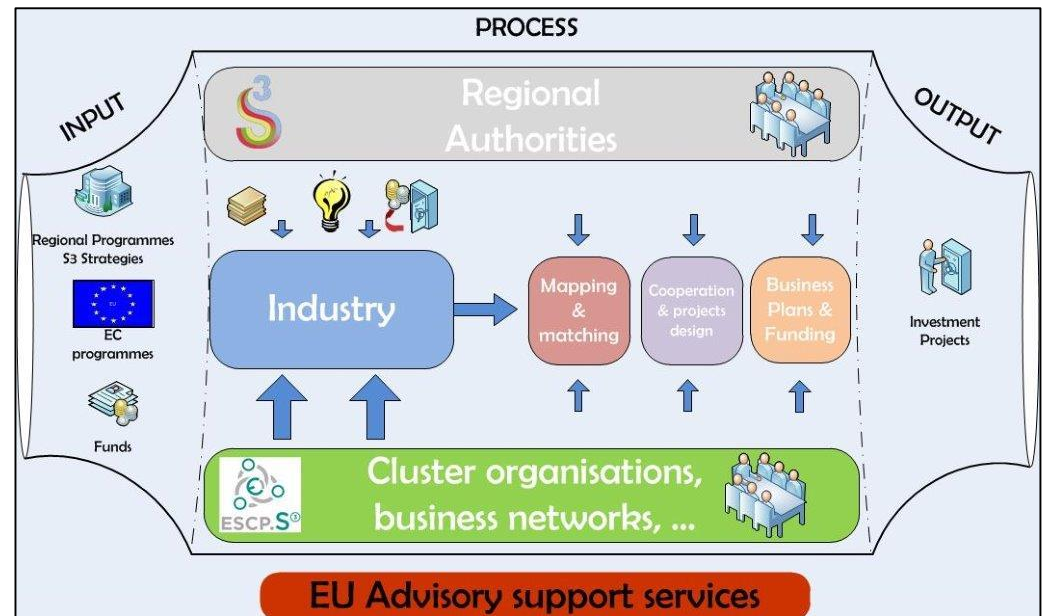

Barcelona 16 Nov. 2016

Policy Objective

Support Industrial Modernisation in Europe

through smart specialisation, inter-regional cooperation
and EU value chains

Facilitate the development of an
ambitious pipeline of
investment projects in any
industrial field

Guiding principles of the S3 IM Platform

Open, inclusive and transparent approach
for **any committed** European Region

- work with clusters and other SMEs intermediaries
- involve EU value chains and other interregional business networks
- generate a pipeline of investment projects in smart specialisation thematic areas

EU support

GROW-REGIO activities

JRC S3 Platform

RTD, CNECT, EAC, EMPL

Thematic Area

1

Mapping of competences & matching of business opportunities

Macro-Regions, Interreg, FoF, EIT

2

Industry cooperation and design of projects

3

Business Plan and Funding Mix

EFSI Advisory Hub InnovFin

Investment Projects

- Demonstrators, pilot lines
- Bundled small projects, or funds
- Single large cross-regional project
- Large individual projects

How regions can join the S3 IM Platform

➤ **Leading regions (option 1)**

- the Thematic Area should be a S3 Priority
- strong commitment and administrative support

➤ **Participant regions (option 2)**

- active participation and engagement to mobilise the local clusters and industry

Steps for joining

Discuss with your regional authorities (RIS3 priorities)

Explore potential interest from local clusters & industry

Involve 3 regions from 3 European countries (at least)

Complete and submit the online Form available at:

<http://s3platform.jrc.ec.europa.eu/industrial-modernisation>

A positive and constructive attitude

Adopt an open attitude to **involve many regions and industrial partners** (Call for EoI)

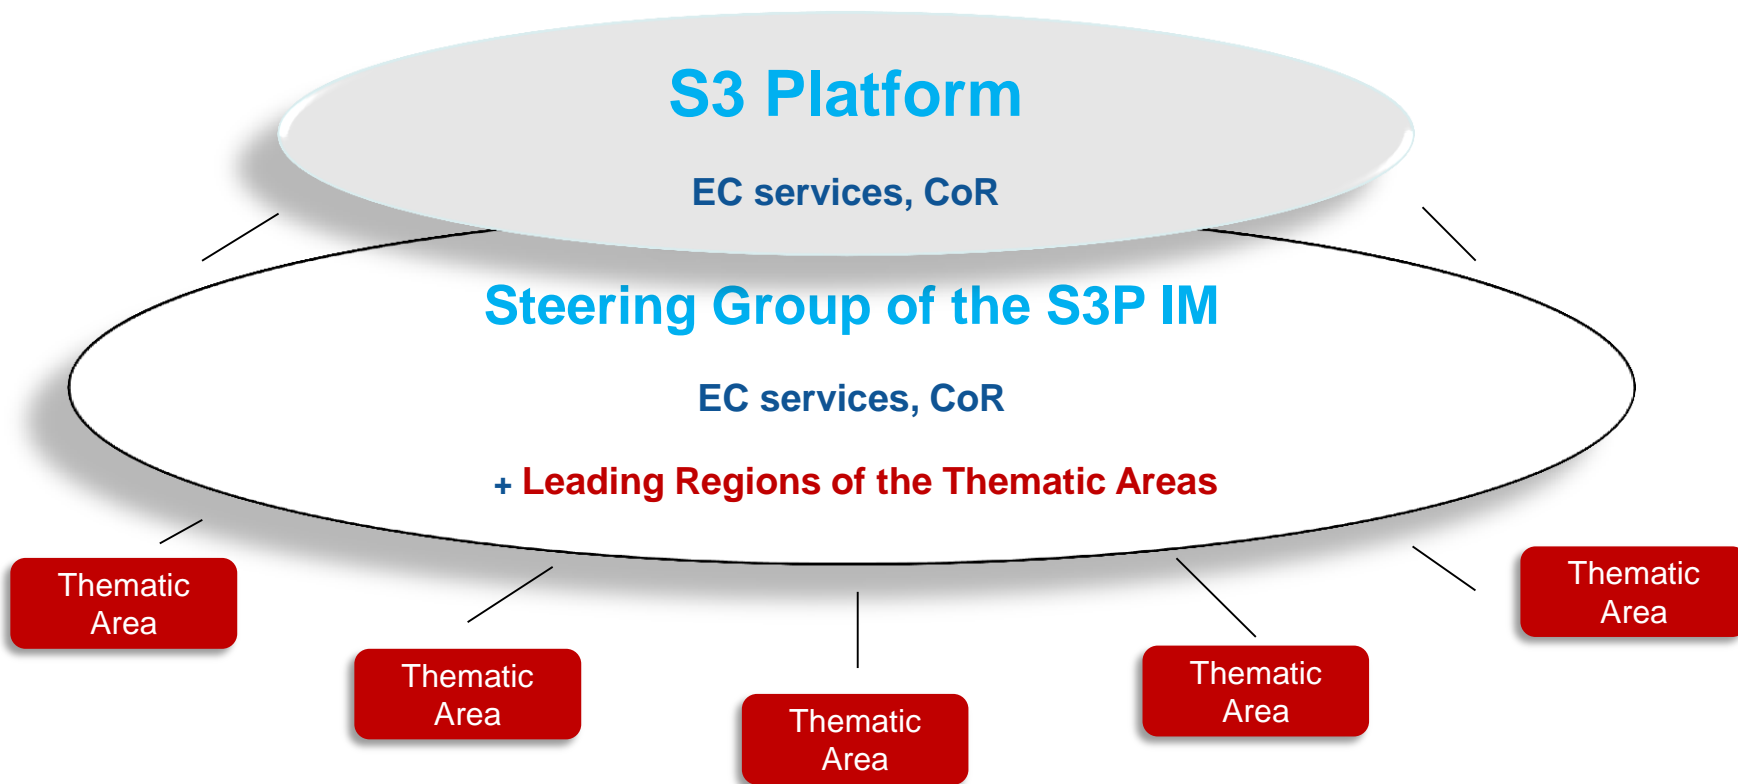

Be open to **share lessons** with others across Thematic Areas

Co-lead (possibly) a Thematic area - Be prepared to discuss a possible merge of your EoI with others under a Thematic Area

- ✓ Engage into a **constructive dialogue and feedback** – we need your input to develop the right policy actions and next instruments

You will have the opportunity to express your views and propose your ideas today in the parallel sessions!

Governance
