

*Urban-Rural Partnerships
in Metropolitan Areas:
Territorial Cohesion from a
Bottom up-Perspective*

What is an issue?

- *Increasing disparities between urban and rural areas: life standards, economy, individual chances, public facilities etc.*

What might be a solution?

- *Supra-regional cooperation of metropolitan regions and their neighbouring areas*

Any examples?

- *Project Partnership North/GER*
- *Amsterdam: cooperation with peripheral municipalities*
- *Twente Region*
- *Stockholm*
