FoodBrokerageEvent
FOOD TECHNOLOGY INTERNATIONAL SYMPOSIUM
SIMPOSIUM INTERNACIONAL SOBRE TECNOLOGÍA ALIMENTARIA
Jornada de Transferencia
de Tecnología en Alimentación

VI edition of the Murcia Food Brokerage Event

It provides an international, technological scenario for companies interested in:

- Finding out about the latest European creations in food technology
- Holding bilateral meetings → technology transfer

A number of conferences and presentations will take place within the 6th International Symposium on Food Technology, in which the latest creations in the sector will be present.

In addition, during the second day, it will be held a conference cycle showing the technology foresight in the food sector. Important institutions and companies, such as OPTI (Industrial Technology Foresight Observatory), CDTI (Centre for Industrial Technological Development), Siemens, Hero and CSIC (Spanish National Research Council) will present the trends and foresight in their respective fields.

Organization → Regional Development Agency of Murcia (INFO)

Food and Canning Technology Center

Technological Institute of Agrofood (ainia)
