**S3P Agrifood on Traceability and Big Data** @DataAg... · 21 dic. 2020 ...  
New technologies are needed to trace foods and verify food safety.

In the **Oulu Region** [#Finland](#) the FoodWay project conducted a survey of the current state and development needs of the region's food companies in these fields.

# Pros & Cons

**Development of public-private interregional collaboration networks**

**Development of projects, business cases, business models, initiatives...**

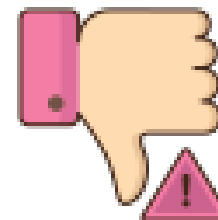

**Development of collaborative nodes: mutual learning**

**Lack of direct EU funding for coordination and mobilisation of S3 Partnerships**

**Lack of connection among MFF**

**Lack of connection between regional, national and European funds**
