

# National or Regional RIS3?

**Inger Midtkandal, S3 Platform**

**Brno, 13<sup>th</sup> of March, 2013**

"We are working good with our RIS3, but have no idea of what is happening at national level. We need some coordination...!"

"After a year of silence, national level gave us a two months deadline to prepare our strategies..."

"We are developing our own RIS3, but are still subject to a national RIS3 which reflects a reality that is not ours..."

Heard from regions...

"We know what we want, but have no money, no authority and no support from national level..."

"We want to prepare the RIS3 early so that we know what we want when national level start working..."

## Objective of this session

- explore the **possibilities** and **challenges** with different approaches to designing RIS 3, taking into account the **institutional set-up** and **capabilities** for **regional, national and combined strategies.**

# Agenda

- [Jack Engwegen](#), DG Regio
- [Louise Kempton](#), UK
- [Frédéric Pinna](#), Centre, France
- David Uhlir, South Moravia, Czech Republic
- Questions and discussions

# Panellists asked to address

1. Regional or national (or both) RIS3 in your country?
2. Division of labour between national and regional authorities?
  - How is the institutional set up in terms of capabilities, capacities and competences in the different levels?
3. Strengths and weaknesses in this model?
4. Challenges at regional and national level for successful RIS3 process with this model?
5. What are the lessons learned?
