

# The European Commission's science and knowledge service

## Joint Research Centre

# Proposed line of work

**Elisabetta Marinelli**

**Inmaculada Periañez**

Scientific Officers, JRC Sevilla

# Policy context

- Since 2016 EU countries and regions are implementing their RIS3.

- EDP (entrepreneurial discovery process) as core element in RIS3 design but also in RIS3 implementation
- Clear concept
- Incomplete operationalization

# Understanding the EDP as a key element of the RIS3 implementation

## EDP Survey

- Continuous EDP
- Governance adjustments
- Appropriate instruments

## EDP Database

- Repository of policy instruments for EDP:
- *EDP in governance*: Mechanisms to involve different actors – in the policy cycle- to review or refine priorities
- *EDP in implementation*: Measures for TO1 investment

# DDBB for EDP

## **Objective**

*to map and offer a repository policy instruments for RIS3 implementation focused on EDP*

# Methodology

- **Pilot study of volunteering Member States/regions to be undertaken during 2018.**

**Survey:** to be elaborated by the JRC, validated and filled in by participants.

**Online database:** published in the S3 website.
